**The Best
Freebie Book
In The World...
Ever!**

Welcome to The Best Freebie Book in the World... Ever!

Dear reader,

I have been providing freebies to people around the world for many years.

This gave me the idea for writing this book, and I hope you enjoy it!

It gives me great pleasure to help people grab something for nothing, especially in these 'hard times'

This book is broken into 3 lists, starting with **World Freebies**, then **USA Freebies** and **UK Freebies**. The links were active at the time of publication, but should any freebie offer be no longer available, my apologies!

Useful Tip:

When applying for freebies and samples, we suggest that you use a spare email address (a free one from yahoo, gmail etc, will suffice). This will save you getting repeat offers in your main email inbox

If you love free stuff, I suggest you join our FREE club, there you will get 3 pages of fresh freebies, every week!

Join here:

I hope you enjoy all the goodies

Regards

Max Diamond (Freebiemaster for Freebiesave.org)
